Doctor name

Surgery name

Electronic prescription Service.

- The Electronic Prescription Service (EPS) is an NHS service. It gives you the chance to change how your GP sends your prescription to the place you choose to get your medicines or appliances from.
- What does this mean for you? If you collect your repeat prescriptions from your GP you will not have to visit your GP practice to pick up your paper prescription. Instead, your GP will send it electronically to the place you choose, saving you time. You may not have to wait as long at the pharmacy as there will be time for your repeat prescriptions to be ready before you arrive or you can choose to have it delivered for free.
- How can you use EPS? You need to choose a place for your GP practice to electronically send your prescription to. This is called nomination, **You do not** have to nominate a pharmacy close to your doctors surgery. Just call into our pharmacy or GP practice to add your nomination for you. You don't need a computer to do this.
- Can I change my nomination or cancel it and get a paper prescription? Yes you can. If you don't want your prescription to be sent electronically tell your GP. If you want to change or cancel your nomination speak to any member of the pharmacy team that offers EPS, or your GP practice. Tell them before your next prescription is due or your prescription may be sent to the wrong place.
- Is EPS reliable, secure and confidential? Yes. Your electronic prescription will be seen by the same people in GP practices, pharmacies and NHS prescription payment and fraud agencies that see your paper prescription now.

I Nominate Gunn's PHARMACY to collect my prescriptions from my doctors surgery either in person or by electronic transmission and dispense them until further notice.
